Health, Safety And Environment

"Humanism" is our top priority in all business activities.

To maintain the highest practically achievable standards of HSE.

To improve accident and incident prevention by pre-planning procedures.

To create necessary safety awareness amongst all staff through training and supervision.

Health

The soundness of both body and spirit of all employees is of prime importance to HS VALVE.

Safety

We always pursue the happiness of our staff through the safe working environment to HS VALVE.

Environment

The responsibility is ours to continue in the quest for better environment.

The new leader in global valve market, HS VALVE! Our first priority in all business activities is “Humanism”.

Established in 1987, HS VALVE has been manufacturing about 500 types of valves for over a quarter-century.

In 1995, it produced the world's first electrical insulating ball valve, and in 2000, it was listed on the KOSDAQ stock market for the first time in the industry.

In 2002, Construction of 2nd factory in gyeongsan to expand production of ball valves, In 2011, Construction of 3rd factory in gyeongsan to expand exports, In 2020, Purchased 4th Factory in Gimhae to diversify the products, In 2022, Acquisition of KB Valve (Hwaseong KB Valve), In 2023, With the construction of 5th factory in Gyeongsan, a total of 7 plants are in operation, including the headquarters/Daegu 1th factory and affiliated companies.

HS VALVE is based on the principle of accident-free management, implementing workers regular trainings and educations about industrial safety. We've been dedicated to improving the level of technology with constantly developed new products and quality upgrade.

Since 1994, we have obtained various patents and international certifications, such as ISO 9001, API Q1 & 6D, PED. With professional researchers in an affiliated institute of valve technology, we have been focusing on increasing in export by putting new products on the market. Now, HS VALVE is jumping up to be a leading company in the globe. We will undoubtedly be a reliable company with best quality, make a full preparation for safety and accidents, and take more interest in underprivileged people around us. We are ready to lead the future of the world as a top valve maker.

Company Name	HS VALVE		
President	MR. Won_Gyu, Chang		
CI			
Output	USD 67 million (Yr 2023)		
Bank	Industrial Bank of Korea		
Address	Head Office & Factory I	29, Paldal-ro 2-gil, Seo-gu Daegu Korea Tel : 82-53-353-5789 Fax : 82-53-353-5789

Employed	240		

1987~1990

1987. 03 Established HS VALVE CO.,LTD

1991~2000

1997. 11 Received president's award

1999. 09 Designated as a Venture enterprise

1999. 10 Received president's award

2000. 03 Listed in KOSDAQ

2001~2010

2001. 10 Designated as an outstanding enterprise with a Superior Technology from Korea Technology Credit Guarantee Fund

2001. 11 Received president's award

2003. 03 Awarded a prize for a model taxpayer

2003. 06 Received a men of merit's award

2004. 07 Selected as a world-leading SME by Gyeong-sangbuk-do

2006. 11 Awarded the Order of Industrial Service Merit of Silver Tower

2011~2020

2011. 11 Established 3rd factory in Kyeongsan

2013. 05 Award "The 20th Korea Gas Safety Awards" Of Bronze Tower

2014. 07 Acquired INNOBIZ(Innovation Business)

2014. 12 Acquired Stainless Steel Welding Flanges (KS B 1506)

2015. 02 Approved by Petroliam Nasional Berhad (PETRONAS)

2015. 10 Vendor Approved by Kuwait National Petroleum Company (KNPC)

2016. 09 Acquired TRCU 032

2017. 04 Vendor Approved by National Iranian Gas Company (NIGC)

2017. 08 Vendor Approved by Kuwait Oil Company (KOC)

2018. 11 Nominated "Daegu 3030 Company"

2020. 05 Purchased 4th Factory in Gimhae

2021~

2021. 07 Vendor Approved by Korean Gas Corporation Company (KOGAS)

2021. 11 Awarded the grand prize at the 13th Korea Environmental Energy Awards.

2022. 05 Acquisition of KB Valve(currently HS KB Valve)

2023. 11 Completion of new factory 5th in Gyeongsan Jillyang Industrial Complex

HUMANISM - safety, trust

Head office & Factory I

29, Paldal-ro 2-gil, Seo-gu, Daegu, Korea

Factory II

222, Gongdan 8-ro, Jillyang-eup, Gyeongsan-si, Gyeongsangbuk-do, Korea

Factory III

138, Damun-ro, Jillyang-eup, Gyeongsan-si, Gyeongsangbuk-do, Korea

Factory IV

Nongsori 627-5, Juchon-myeon, Gimhae, Gyeongsangnam-do, Korea

Factory V

142 Gongdan 11-ro, Jillyang-eup, Gyeongsan-si, Gyeongsangbuk-do, Korea

Seoul Office

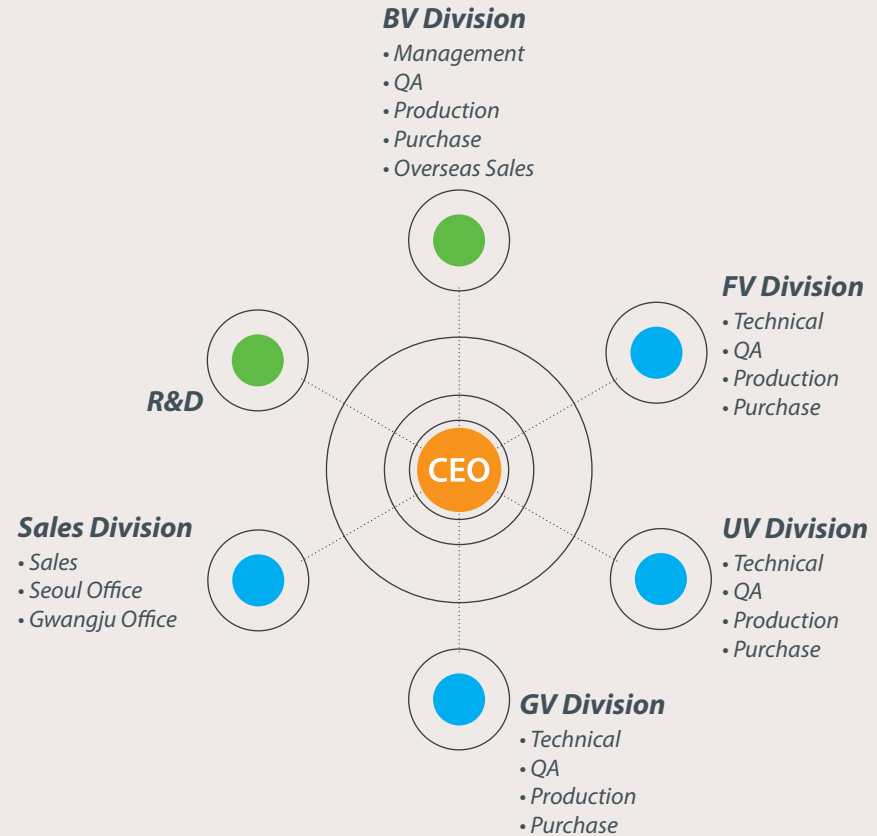

175, Siheung-daero, Geumcheon-gu, Seoul, Korea

Gwangju Office

9-13, Geumbong-ro 44beon-gil, Gwangsan-gu, Gwangju, Korea(Sochon-dong)

R&D Team

222, Gongdan 8-ro, Jillyang-eup, Gyeongsan-si, Gyeongsangbuk-do, Korea

*Leap to the leading general valve manufacturer(maker) in the world!
With a slogan of world-class general valve manufacturer, HS Valve will lead the future of 21 century by developing ball valves from small-bore for Gas to Large-bore for Chemical & Plant.*

01

Korea Top1

Ensuring the technology competitiveness through the continuous innovation, we will grow up as the largest valve manufacturer in Korea.

02

Global Marketing

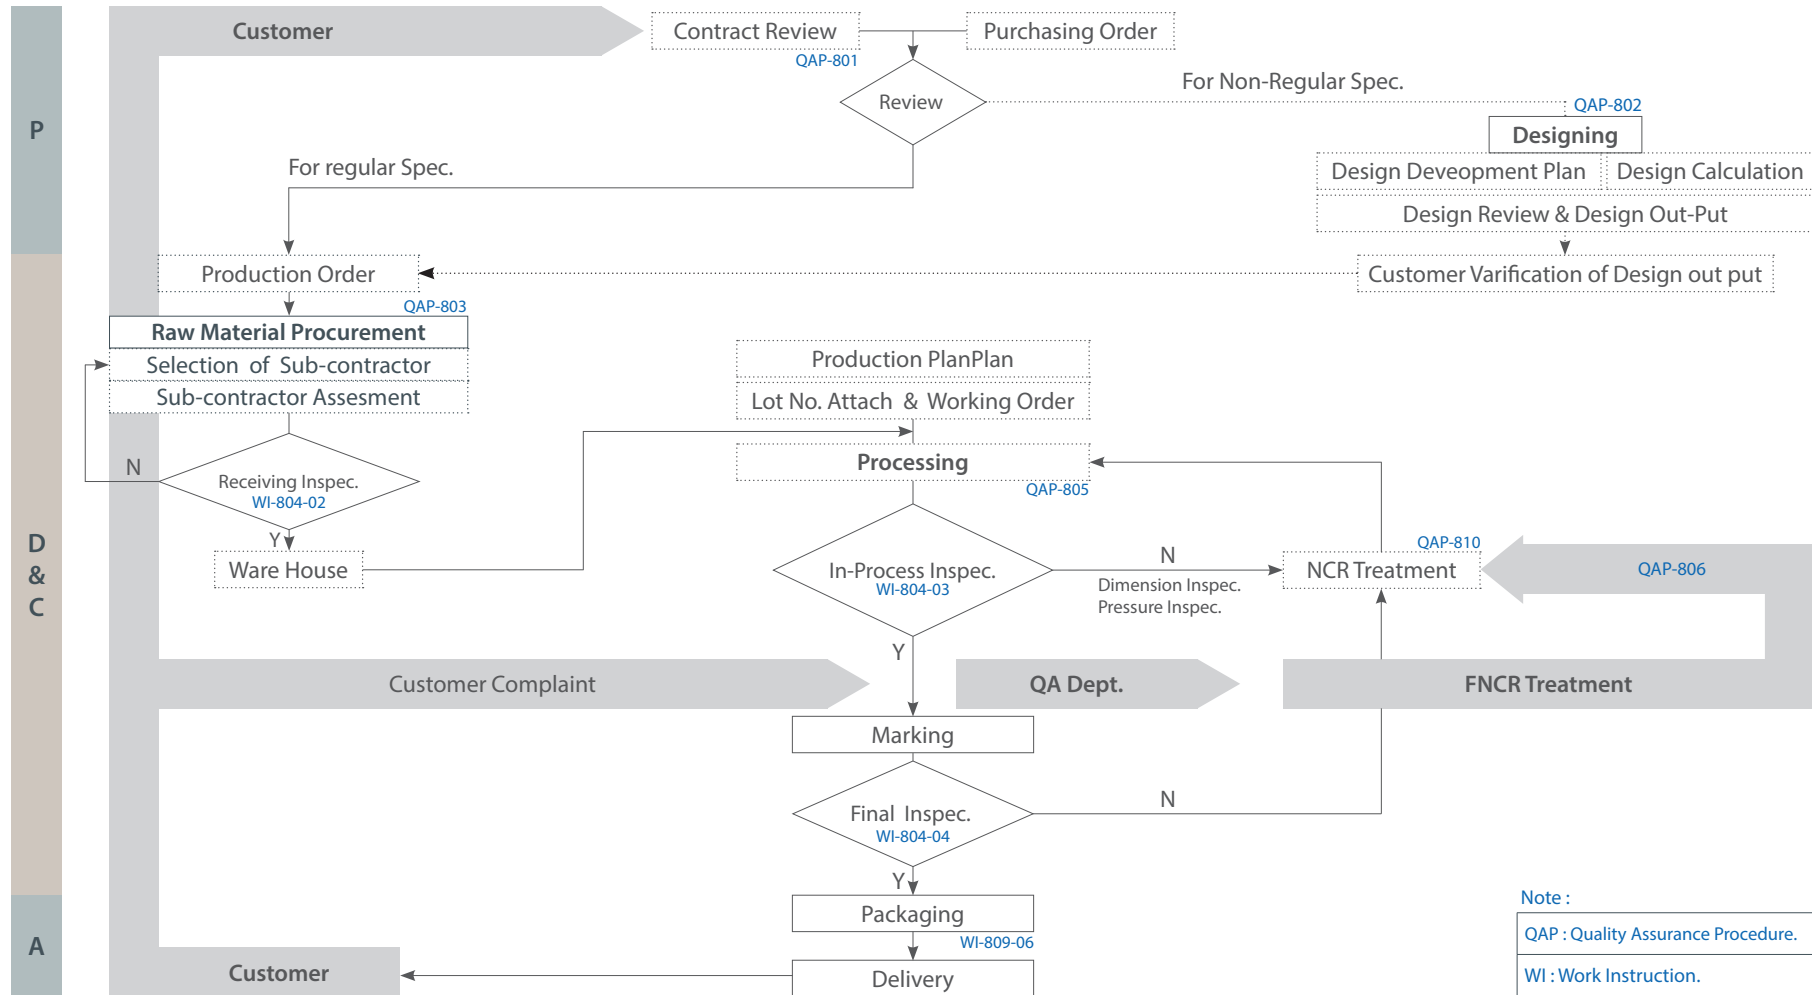

Building the sale position in North America, China, Europe, and Middle Eastern, we will grow up as an export company.

03

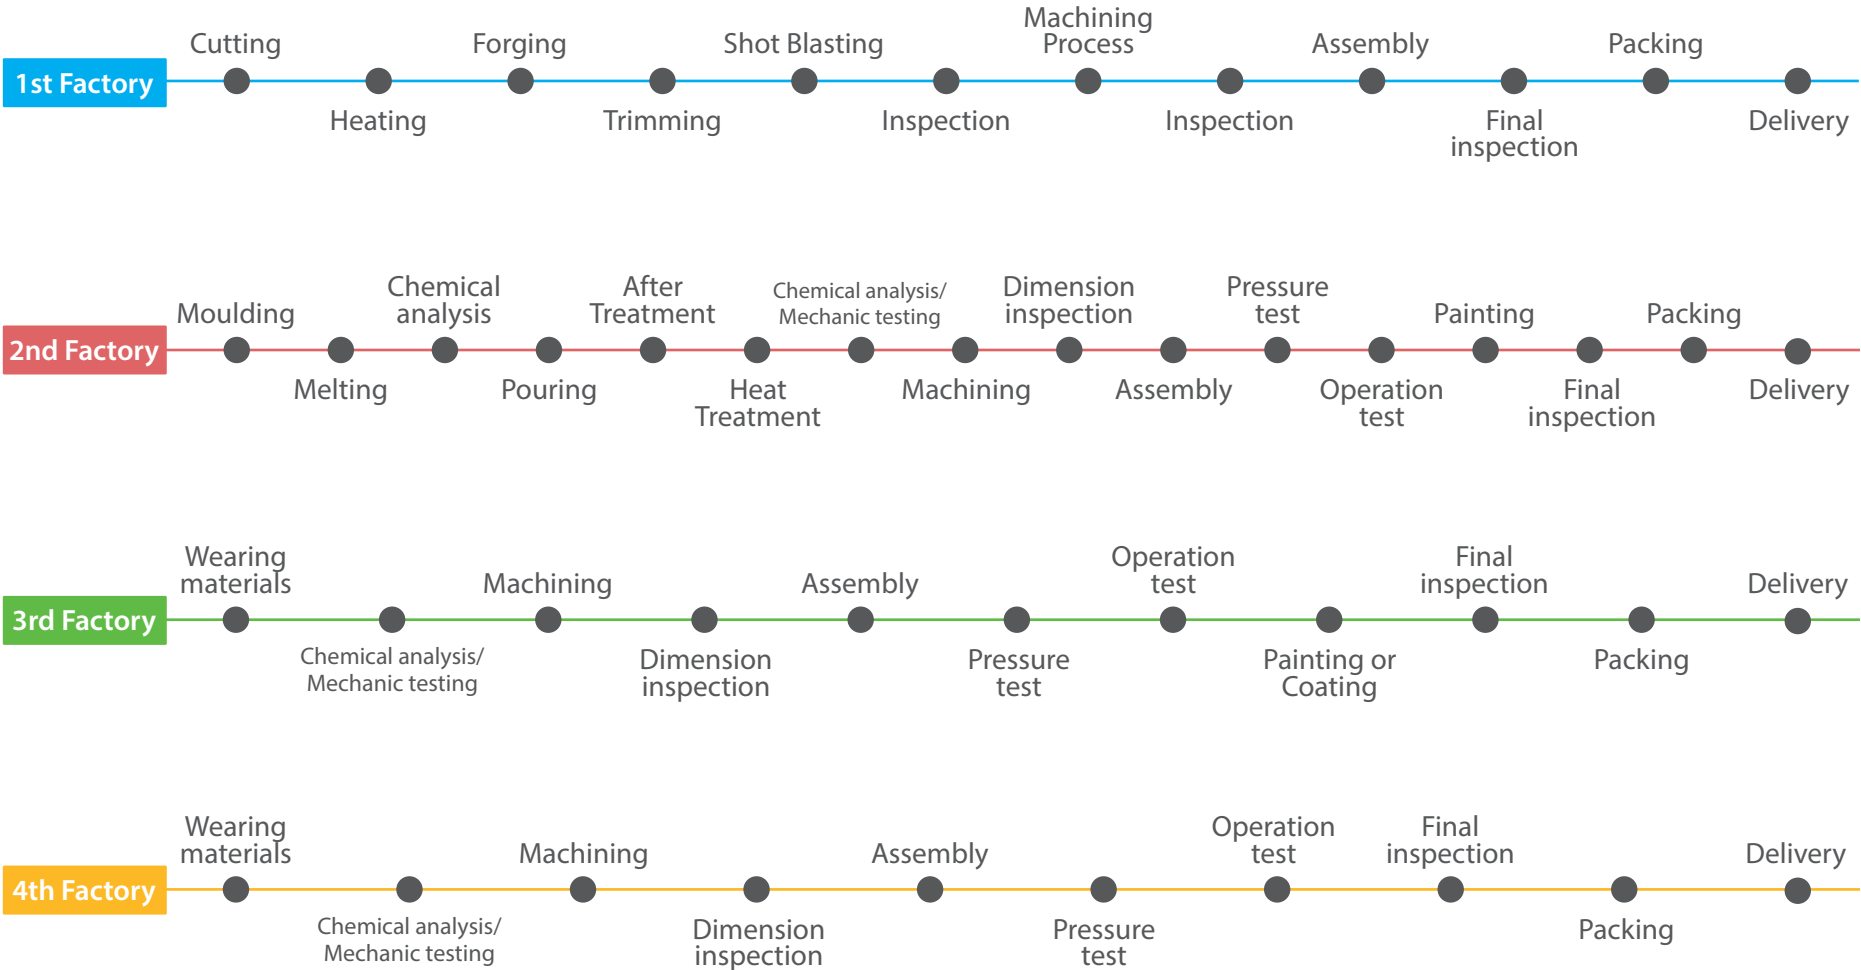

Customer First

Through the open management with thinking of customer needs at first, we will do our best for a win-win of Shareholders, customers and members mutually.

Factory	Product	Items	
Factory I	Ball Valves - Screwed	10K, 20K / C3771, C3604	
	LPG Cylinder Valves - Screwed	LPG-20K, 50K, 3K / Butane-13K, 50K	
	High Pressure Cylinder Valves - Screwed	Oxygen, Nitrogen, Hydrogen, , Carbon Dioxide, Acetylene, ETC	
	Bronze Valves - Screwed	10K / CAC406-ate, Globe, Check	
	Pan Check Valves - Screwed, Flanged	10K, 16K, 40K / C3771, SSC13	
Factory II	Flanged Ball Valves	Class 150, Class 300, Class 600 / WCB, LCB	
		Class 150, Class 300, Class 600 / CF8, CF8M, A890 4A/6A	
		Class 150~Class1500 / A105, LF2, F304, F316	
		10K, 20K, 30K / SCPH2, GCD	
		10K, 20K, 30K / SSC13, SSC14	
	Butt-Welded Ball Valves	Class 150, Class 300, Class 600 / WCB, LCB	
		Class 150, Class 300, Class 600 / CF8, CF8M, A890 4A/6A	
		Class 150~Class1500 / A105, LF2, F304, F316	
	Factory III	Forged Steel Gate Valves - Flange, Socket End	Class 150, Class 300, Class 600, Class 800 / A105, LF2, F304, F316
		Fully Welded Ball Valves - Flange End, BW End	10K, 20K (PN16 ~ PN25) / A105, A53.B, SPPS, 304
Class 150, Class 300, Class 600 / A105, LF2, A106, WCB/WCA			
Factory IV	Gate Valve	10K, 20K, 30K, 40K, 63K / SCPH2	
		Class 150 ~ Class 2500 / WCB, LCB, WC6, WC9	
		10K, 20K, 30K, 40K / SSC13, SSC14, SSC16	
		Class 150, Class 300, Class 600 / CF8, CF8M, CF3, CF3M	
		10K, 20K, 30K, 40K, 63K / SCPH2	
	Globe Valve	Class 150 ~ Class 2500 / WCB, LCB, WC6, WC9	
		10K, 20K, 30K, 40K / SSC13, SSC14, SSC16	
		Class 150, Class 300, Class 600 / CF8, CF8M, CF3, CF3M	
		10K, 20K, 30K, 40K, 63K / SCPH2	
		Class 150 ~ Class 2500 / WCB, LCB, WC6, WC9	
	Check Valve - Swing & Lift	10K, 20K, 30K, 40K / SSC13, SSC14, SSC16	
		Class 150, Class 300, Class 600 / CF8, CF8M, CF3, CF3M	
		10K, 20K, 30K, 40K / SCPH2	
		Class 150 ~ Class 2500 / WCB, LCB, WC6, WC9	
		10K, 20K, 30K, 40K / SSC13, SSC14, SSC16	
	Strainer Valve - Y Type & Bucket Type	Class 150, Class 300, Class 600 / WCB, LCB, WC6, WC9	
		10K, 20K, 30K, 40K / SSC13, SSC14, SSC16	
		Class 150, Class 300, Class 600 / CF8, CF8M, CF3, CF3M	
10K, 20K, 30K, 40K / SCPH2			

Overseas Qualified Vendor List

Country	Company Name
Kogas	Korean Gas Corporation Company (KOGAS)
Kuwait	Kuwait National Petroleum Company (KNPC)
Kuwait	Kuwait Oil Company (KOC)
Malaysia	Petroliam Nasional Berhad (PETRONAS)
Iran	National Iranian Gas Company (NIGC)
Iran	National Petrochemical Company (NPC)
